

January Report

Recent Events

Last August, I left my home of 12 years in Southern California and moved to Illinois to be the youth pastor at Grace Presbyterian Church in Wheeling, Illinois. After finishing my first year of graduate school at Talbot School of Theology, I also transferred to Trinity Evangelical Divinity School to finish my graduate degree.

I am currently serving as the High school pastor at Grace Church alongside my friend Luke Shin who is serving as the Junior High pastor. Going to church on Friday and Sunday has been the highlight of every week since I've moved here. In the past few months, I've seen so many of our students genuinely encounter God and so many lives transformed by the love of Christ. The Lord did an amazing work at our winter retreat in December with several students giving their lives to Christ for the first time. Luke and I, along with our staff, are working to disciple the kids to have personal relationships with Jesus.

The beginning of my first semester at Trinity was challenging simply because I was transitioning from life in California. However, I am better adjusted now and thankful for the opportunity to learn at Trinity. I have approximately two more years left at Trinity and am learning daily how to balance school and ministry.

Prayer Requests

Please pray for vision and God's favor as Luke and I continue to minister to the youth kids at Grace Church.

For staff. We are currently looking for more teachers to serve as we are currently understaffed.

For financial provision for my education.

For deeper intimacy with God especially in the midst of a lonely season.
