### **Paraguay Mission 2nd Five Year Plan**

**"If a grain of wheat falls to the ground and does not die, there is one thing, and if it dies, it will bear much fruit" (John 12:24)**

### **Dear Officers and Supporters of JSBMF**

Hallelujah!

Greetings to the JSBMF family in the name of Jesus Christ.

The scent of spring has entered the threshold of March. However, in Paraguay it is still hot with the summer heat. Although the weather is getting a little cooler as the children started schooling, the humidity and heat waves are still going on, so it is a little hard to worship.

I think the climate is strange, but I also think that it is the sign of the last time, and meditate on the words, "I will come back for a while, and I will not delay" (Hebrews 10:37).

As the lively power of Spring makes us happy, we are grateful for the grace of the Holy Spirit and of the Comforter, and we would like to extend our joy and happiness to the JSBMF and Families. Thank you for cooperating with us through your love and prayers.

### **★ Deliver new school supplies**

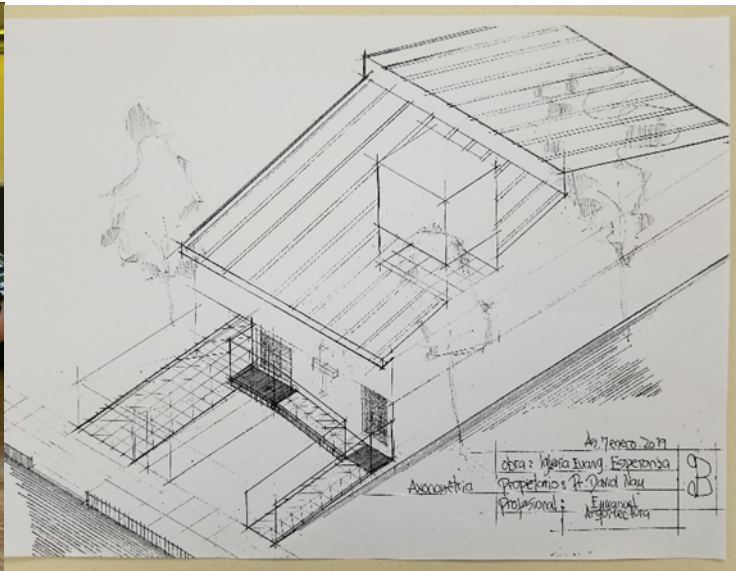

My children went to school after a long summer vacation.

In addition to the current inventory, 153 Church (Atlanta, GA; Rev. Kim, Ju-young) sent additional school supplies for the children. We distributed the supplies to the children after Sunday worship service with a simple message, "Our Lord comes not to advertise when we come back, so that anyone who keeps the Sunday will be able to receive gifts. And heaven is not only a chance, but a gift as well, as there is only one chance. " In the past, a lot of children would ask me for additional supplies so that they could give to their siblings who could not attend. However, a very good phenomenon occurred this time around where only two people asked for more. We want to make ourselves a soldier of Christ through education and discipline.

## Youth Bible Study

We are continuing to hold youth groups. For two months, I taught the Word under the title of "Confidence in Prayer Response." Children who did not pray began to pray, and would even pray in public prayers. I was convinced that I could do as much as I could if I could not teach because I could not pray because I could not pray because I could not pray. They pray by crying out, 'Lord, Lord, Lord'.

## ★ Construction is necessary. Thank you for your cooperation.

My last vacation lasted from the end of November to the end of February. But during this whole time, my heart ached. I would see the rain flood the town and the church, while dealing with unbearable heat. In order not to lose more valuable time during the next summer break, I plan to begin construction on the new church building. We will focus more to get the building built to provide a more comfortable place for all.

During the hot summer days, the plan is to teach Taekwondo and physical training as part of the academic curriculum, while also growing spiritually through the Lord's Word and prayer. We will also provide a vocational center to help locals get trained on various skills to help earn money. In order to provide this to the people, we need a building to meet in. Logistics, finances, and architectural planning has been ongoing for over a year. A Recently, the Holy Spirit was able to lead me to meet an architect who is faithful and a servant of God.

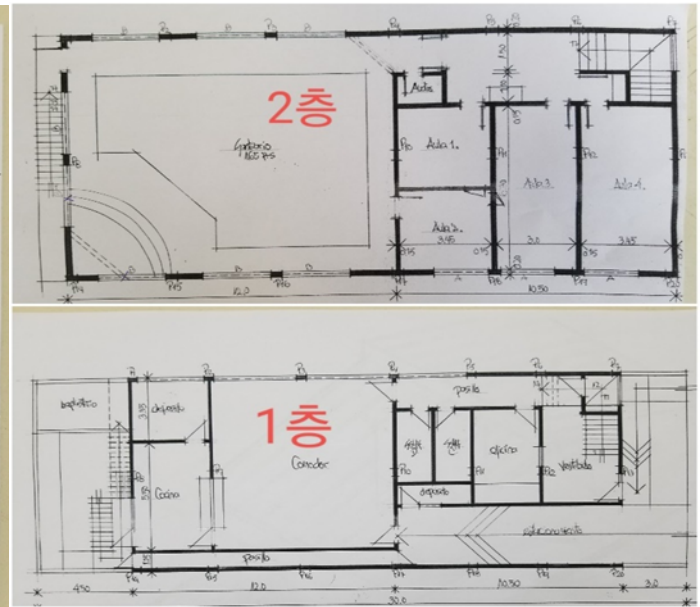

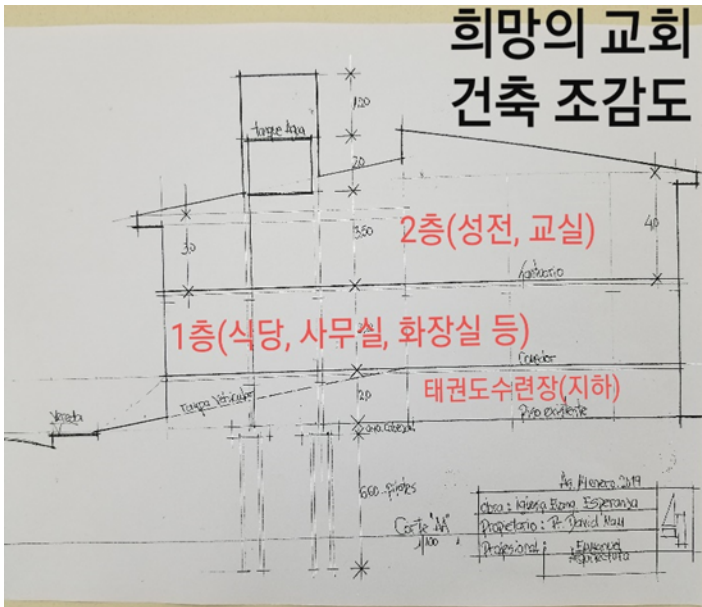

**The construction period is tentatively to start at the end of May and be completed in 1 year. After finalizing the design, we decided to reduce the construction cost to \$235,000. We currently have saved \$129,200 so far, but need to raise another \$105,800 to fully fund the project.**

Thank you again for all your financial help so far along with your prayers. We look forward to working with you as the building project undergoes construction.

It is not just the work of a church, but the task of all God's people to bring non-believers to the Lord, especially the whole town of Bañado Sur (a population of about 3,000 households to 15,000 people). I am convinced that when the blueprints are evangelized, the winds of the Holy Spirit will flourish in Paraguay.

The first 5-year plan for the Paraguayan mission was able to come to fruition due to your love and prayers. Now that the second 5-year plan has begun, the architecture designs and construction is vital. I am glad to see the small fruits, and I hope that God will be pleased with the greater fruit.

**★ Here is a little child.**

Her name is Milagros (12 years old) and her brother's name is Edwin (7 years old).

She lives with her mom without a dad. Her mom is a cleaner, while Milagros does housekeeping at her house. Most of the children are similar to Milagros. I mention Milagros especially because she is a child who loves Jesus and is studying hard to become a lawyer. She is not letting her poor conditions affect her dream. The eyes are lanterns, and her eyes have desire.

There are many such children. These children need a place where they can worship and pray. I need a church building to provide a comfortable place for these children to learn and grow. I need a teacher to teach these children of God.

Pray that if time and circumstances permit, we can work together. I sincerely hope to cooperate with you.

I praise the Lord who saved us from sin and guided us.

I believe that there is still a reason left to live in this land for us who are called in Christ Jesus; it is evangelism.

I wish I could run all the way to the day of His coming.

I pray that the fullness of the Holy Spirit will fill the JSBMF Members and Families. Shalom!!!
