

**"The Word became flesh and made his dwelling among us. We have seen his glory, the glory of the One and Only, who came from the Father, full of grace and truth."
(John 1:14)**

Shalom! Dear supporters.
The grace and truth of Jesus Christ is in Indonesia in the hope of being full.
I'm going to tell you about my family in December

God, my father

Small lizards often appear in Indonesian homes. It is natural for a few of them to live together in the house.

But our kids are still afraid of lizards and scream when they appear. Then I run with a long broom and kick them out. One day, I ran to their cries and hit the lizards, which made me think.

"Even God, my father, will not stay still at my groaning and howling."

God has already trampled the head of Satan, who is attacking us, with the resurrection of Jesus Christ. We praise God, who does not turn a blind eye to not only our little moans but also the cry of eternity.

lunchbox sharing ministry _____ 3

For the children's vacation and Christmas, we participated in the lunchbox sharing ministry of a senior missionary. We made 600 meals and had time to share a meal with landfill workers and the poor residents around.

In a Muslim country where it is difficult to openly convey the gospel, I was more concerned about how to preach the gospel to them, and I thought that I should take care of their needs as well as the gospel.

we can do anything in Jesus _____ 4

We will only study the language for two years according to the principles of the missionary organization to which we belong. A missionary's words are said to work for 20 years in a language he has learned for two years. So we will do our best to study the language.

Sometimes we are anxious that our language doesn't seem to improve as much as we think. But we try to remember every day that we came here under God's guidance and here for the gospel.

When we want to live for the gospel, I believe that we can do anything in Jesus who gives us the power.

a story about children _____ 5

My children have been here and have adapted step by step for six months. They miss Korea a lot, but they are all still bright and healthy. Thanks to your prayers.

Now the children are on vacation after finishing the semester. The first child cried and struggled the most during the semester. But I am so thankful to God that she finished the semester safely. And I am so thankful that she got closer to her friends.

6

The first child Olivia reads the Bible on her own through hard times and writes a verse of it in her diary.

Second, Lucy actively participates in activities in kinder garden and tries a lot to reach her friends.

Third, David says kinder garden is fun, and Indonesian food is also delicious.

God who called them missionaries, confesses to raising these children himself and leaves them in God's hands.
