

**"What you want is
The creation itself is set free
from its bondage to corruption.
of God's children
"It leads to glorious freedom."**

-Romans 8:21-

Shalom! Dear fellow workers,
To us as children of God
I praise God for allowing me to enjoy freedom.
I would like to share news about
my family in August 2024.

August 15th is Korea's Liberation Day, and two days later, August 17th, is Indonesia's Independence Day. It is the day that both Korea and Indonesia gained freedom from Japanese colonial rule.

Indonesian people, who were colonized by the Netherlands and Japan, consider Independence Day very special and hold festivals in every street and alley.

We, who were slaves to Satan, gained freedom through Jesus Christ. But the souls of the Sundanese, the world's largest Muslim people, have not yet known freedom.

I want to do my best to spread the name of Jesus Christ, who gives us freedom.

I helped senior missionaries with their ministry in July. I visited the areas called Sukabumi and Chippendui. I came back after serving as an interpreter there. I'm still studying the language and interpreting seems difficult. So I was hesitant. However, I held on to Paul's confession, "I can do all things through Christ who strengthens me," and obeyed in faith. I was able to complete my interpreting service by the grace of God.

I believe that we can do all things through Jesus Christ, who gives us strength when we strive for the gospel.

A short-term ministry team came from Korea. During our ministry schedule, we visited Ciwidey (an area where there are no Christians among the 300 residents). This is a Muslim area, and it is an area where the gospel cannot be preached openly.

I was worried because it was the first time a foreign group had entered, but God guided me to get permission from the town mayor, and later, I was given permission to pray for blessings. In addition, the village residents were very happy through the short-term team's service. This entire process was under God's guidance and grace.

Please pray that the kingdom of God will expand in the Ciwidey area where the first seeds of missionary work were sown. I believe that the one who started a good work in us will be able to carry it out.

5

Missionary Choi and the children visited Korea for a health checkup and visa extension. It has been about two years since Missionary Choi's thyroid cancer surgery, and I was thankful that all test results were good.

More than anything, I am grateful that my children came back and received a lot of comfort from meeting their grandparents and friends whom they had missed so much.

My children returned to Indonesia with bright faces, thanks to the love they received. They are adjusting to school better than last year.

I am thankful to God for allowing my family to receive so much love through our visit to Korea.

6

-Visa Procedure-

Thanks to the prayers of my co-workers, I successfully completed the new student visa process. Missionary Kim will continue his language studies for one year at Bandung University of Education. Please pray that the next visa connection goes smoothly.

-Disciple training ministry

God gave me the opportunity to begin discipleship training in the local language at St. Paul's Seminary. Please pray that through this work, I will be able to learn Christian terminology well and educate seminarians well.

7

-Korean language education ministry

Missionary Choi also plans to continue studying the language and teach local students as an after-school Korean language instructor at BPK Elementary School, which the children attend, starting in September. Please pray for her to prepare well for Korean language education as a point of contact with Muslims through her ministry.

-Daham Yuham Jeongham

My children are going to school more energetically than last year. In particular, Yuham started elementary school in mid-July and is adjusting hard.

Please pray that God's will for leading my children to Indonesia will be fully realized in their lives.

8

Thank God

1. Thank you for giving us the blessing of spreading your holy name.
2. Thank you God for answering even our smallest wishes.
3. Thank you for making the visa process run smoothly.
4. Thank you for using us without considering our shortcomings.
5. Thank you for leading our first short-term team ministry with grace.
6. I am always grateful for the prayer partners and sponsors.

Please pray for us

1. Let the Indonesian people, especially the Sundanese people, accept the gospel.
2. You have opened the water of the gospel in the Jjiwidei area. Please allow continued ministry to be carried out and believers to be born.
3. We begin discipleship training and Korean language classes for seminarians. Pour wisdom into our preparations and allow God's kingdom to expand through service.
4. Please give my family strong physical strength and spirituality, and wisdom of language.
